

**REMARKS**

This paper responds to the Notice of Drawing Inconsistency With Specification (PTOM327-A) mailed on January 30, 2008 ("the Notice").

The Notice referred to Figure 19, and pointed out that the specification did not discuss this drawing. This Response and Amendment rectifies this point by adding suitable descriptions of Figure 19 to the specification.

The added text is fully-supported by the application as filed, for example, at page 7, line 28, through page 28, line 5, page 29, lines 8-18, and in claim 6. No new matter has been added.
